A POPULIST APPEAL.

The Populist representatives and senators have issued an address to the people in which they review the arguments made in the special session of congress just closed against repeal of the silver purchase clause of the Sherman act, and appeal to the country to undo what the majority in the house and senate have deliberately done at the behest of Grover Cleveland and the money influences of the country.

Of course the address is issued for political effect and to take advantage of whatever sentiment may be aroused by the action of congress and the president that will accrue in votes at the coming election. As the Democratic party was put in power in all three branches of government upon a repeal platform, not alone of the purchase clause but of the whole Sherman act, this appeal to the people is really asking them to reverse their decree at the polls last November when they put Grover Cleveland, the arch type of gold monometallists, into the chair of authority. The quarrel of the Populists is with the decree of last November which was that the Sherman law be repealed.

Now the Sherman law is not all repealed. All the silver money of our country stands just where it did only a great deal better, as there is not so much of it as there would have been had that law not been repealed. With some three or four hundred millions silver money, most of it lying idle in the banks or at Washington, and the unrepaid parts of the Sherman law to make it as good as gold, silver is not discredited nor discountenanced as the money of our country. It is true we have not free coinage of silver, and have not had for many decades, and since that time have had a great deal of prosperity in the country. We may have prosperity again without free coinage of silver. What the country needs now is not more silver coined but a rest from financial agitation especially of the Populist kind. If one half of the money lying idle in the banks could be got into circulation times would be better. If the country could be assured of a cessation of financial politics for two years' money now in hiding would come out into the channels of trade business would revive, factories would open, labor be employed and the country safe.

THE PEOPLE'S OPPORTUNITY IN OREGON.

Within the next four or six months political action will have been taken that will control the state government of Oregon for the next four years. A state election will be held next June at which a complete new board of state officers are to be chosen. So far as known an entire new set of candidates will be in the field, with possibly one or two exceptions. The state officers to be gambled for in the lottery of politics are worth to the men who get them according to the present fee system over one hundred thousand dollars. There will be a terrible struggle to get these offices. The business of state politics pays better than a faro bank or any other kind of a bank. The influence of churches, federal office holders, secret societies will be brought to bear to secure these prizes. The constitution is now the bulwark of a fee system that makes state offices worth from ten to twenty thousand dollars, that should be managed for two or three thousand at the utmost. The expenses of government in Oregon are enormous compared with other states. Unless a political revolution can be started in Oregon that will override the constitution by its overwhelming sweep the people will get no relief for the next four years. The aspirants of all parties will go in to make all they can "under the constitution." But constitutions are for the protection of the people who make them and not for the protection of those who by virtue of its terms enrich themselves. Constitutions are for economy and good government, not for robbery and treasury looting. The constitution of Oregon never contemplated that from three to five hundred thousand dollars of taxes, collected this year, being employed in the channels of state expenses as the laws provide. This fact of our state finances and of the enormous profits of state offices is not denied or explained. It stood not to be tolerated.

What we wish to say is that unless the people of Oregon arouse themselves and throw off these enormous burdens and outrages they will be inflicted upon them again for another term of four years from July, 1894, in the name of the constitution. The science of increasing profits will enlarge the expense of state government double what it is

now. Taxes which are now double what they are in most states will be still further increased. Unless a halt is called and a new deal declared and a new understanding had beforehand the burdens of government in Oregon will be such as to paralyze all industries, prostrate all business and depress all values.

The people under the present system have nothing to say about their government and nothing to do but to pay. Take the record of the last legislature. It is blighting in its influence in the extreme. It is wasteful and extravagant. Thievery was open and unblushing. Responsibility to the people there was none. Besides levying more taxes it created a new railroad commission for the express purpose of levying increased freight rates on the people and serving the corporations solely and exclusively. Unless the people arise and smash and annihilate the machinery that does all these things they are unworthy to be considered as Americans capable of self government. The present political machinery in Oregon is an oligarchy of bosses on the one hand and a mass of impoverished people on the other. If interested citizens who do nothing but pay taxes will agree that this state of things shall not longer exist they can bring about a reform that will save them hundreds of thousands of dollars for the next four years. If not they must simply dig up the coin to pay over to legalized robbery in the name of government conducted by those who follow that business for what there is in it.

The JOURNAL is not prepared to say just how this can be done. It has no plan to suggest. But it believes the business instincts and common sense of the people who pay the bills is equal to the occasion if wisely directed.

The JOURNAL is heart and soul in favor of a new order of things throughout, in favor of a more economical state government by one half at least, in favor of cutting off the sinecure and reducing public officials, somewhat nearer the scale of living the present hard times.

SUGGESTED COMMENT. Pennoyer's Thanksgiving turkey may be a crow. Congress has adjourned on the silver question. The people haven't. THE JOURNAL will not observe Governor Pennoyer's Thanksgiving day. Oregon people can hardly afford two Thanksgiving turkeys this year of hard times.

FIGS AND THISTLES.

Good looks, to be permanent, must be on the inside. Fishing for compliments is not a bit better than fishing on Sunday. The devil gets lame as soon as he comes in sight of a good man's house. The man who expects to outrun a lie had better not start with lame feet. If the devil ever takes off his hat to any man on earth, it is to the hypocrite. When the devil goes to church, he generally walks there with a church member. The devil has no quarrel with the man who never has any controversy with himself. An archangel would break down under what some people expect of a pastor's wife. There is often as much venom in the point of a pen as there is in the big end of a club.—Rum's Horn.

Having two legal holidays on which a note cannot become due will be no great advantage. There are too many notes already due. Governor Pennoyer will be the only man in Oregon who will eat his turkey on the 23d of November. The rest will eat it on the 30th, which is Thanksgiving day. Gen. Manager Cottle of the State Insurance Co., reports \$15,000 received for premiums in Oct. 1893, against \$11,000 in same month last year as a result of fighting the trust. President Wallace of the Salem Water Co., says he believes he can safely challenge the world to equal the clear cold water new being furnished by his service to the people of this city.

The state insurance company is making a fine showing in its fight against the united insurance monopoly of the Pacific coast, and will be the means of saving property owners thousands of dollars. If the Republicans themselves in Oregon do not put a check on political corruption their party will be wiped out of existence, or else get as low down as it is in California where the railroads' buy legislators for a price as soon as they are elected and then hold the bribery law club over them if they fail to come to time.

At the Chicago chrysanthemum show there are over 1000 different varieties of chrysanthemums on exhibition. Among the notable novelties is a magnificent new type of the Mrs. Alpheus Hardy variety, which was introduced into this country four years ago from Japan. This magnificent amethyst pink flower has been named the Mrs. H. N. Higginbotham. Another exquisite novelty is a cream white seedling, called the Marie Louise, which is eight inches in diameter. Another is the Richmond Beauty, bronze in color, and is also eight inches in diameter. Yet another is The Challenge. That is a bright yellow and is said by connoisseurs to be the finest blossom in this color that has been developed.

Lecture On Pools. Admit One.

A gentleman who lectured on pools, printed his tickets as above. Suggestive, certainly, and even sarcastic. What fools are they who suffer the increase of disease when they might be cured. Dr. Pierce's Golden Medical Discovery is sold under a positive guarantee of its benefit or curing in every case of Liver, Blood and Lung disease, or money paid for it cheerfully refunded. In all blood taints and impurities of whatever name or nature, it is most positive in its curative effects. Pimples, Blotches, Eruptions, and all Skin and Scalp Diseases, are radically cured by this wonderful medicine. Scrofulous disease may affect the glands, causing swelling or tumors; the tonsils, causing "Fever sore," "White Swelling," "Hip Joint Disease," or the tissues of the lungs, causing Pulmonary Consumption. Whatever its manifestations may be, "Golden Medical Discovery" cures it.

STAGE GLINTS.

Nina Bertini-Humphreys has left the Hinrichs Opera company. Joseph Arthur is said to have started to rewrite "The Corncracker." C. J. Burbidge has joined "Across the Potomac," playing Captain Fairfax. "The Oath," a sensational drama, will be produced at Baltimore on Nov. 13. Emico Goodrich, a westerner, will make her first eastern tour in February. George Lassen is organizing a stock company to play over Davis' museum circuit in Pennsylvania. W. A. Whitecar has received a play from Portugal, from the pen of Camille Bianco, and will translate it. Valerie Bergere has won favorable notice for her leading work in "The Journalist," a new play produced recently in Wisconsin. A new play called "Tim the Tinker" was recently produced at Bristol, Conn. "Wild Rose," another new play, was launched at Mount Pleasant, Ill. Violet Mascotte will go out again this season under the management of B. Forbes of Cuba, N. Y. The tour will begin on Feb. 5 at Philadelphia. It seems that Joseph Brooks will retain the proprietary rights in Augustus Thomas' new play, "Blue Blood," and that he has simply disposed of the right to A. M. Palmer to present the play in New York and other large cities.

An Embarrassing Incident. A bride tells of a difficult moment of her recent wedding trip. A few days of it were spent with an uncle of hers, very deaf and very pious. When they sat down to dinner on the night of their arrival, with a considerable company of relatives assembled to do them honor, the uncle exploded a bombshell by asking the groom to say grace. Much embarrassed, as he was unaccustomed to officiating in this way, he leaned forward, murmuring a request to be excused, whereupon the uncle, watching him, only waited until his lips stopped moving to utter a sonorous "Amen!" in response. It is hardly necessary to add that not only did the blessing for that meal go unsaid, but also that the effort of everybody, except the uncle, to keep from laughing quite took away the appetites for the first course.—New York Times.
